

# Associated Dental Specialists

## **Are You Prepared?**

Your schedule is very busy in the office today. The waiting room is packed full of patients. You are just about to start treating your first afternoon patient when the dentist, working in the next operator, yells out, "We need help in here right now!" The tone in his voice indicates that there is an emergency with his patient. **Are you prepared?**

Come and join us.....for 5 CE credits .....which fulfills your anesthesia requirements for the 2013 renewal season.....from Associated Dental Specialists (ADS) for:

## **OFFICE ANESTHESIA AND MEDICAL EMERGENCIES In the Dental Office**

Thursday, August 18, 2011

4:00 pm – 9:00 pm

Doubletree Pittsburgh/Monroeville Convention Center

A Topic of Interest to Specialists & Generalists  
Keynote Speaker – R. John Brewer NREMT-P  
Pittsburgh, Pennsylvania

### **SESSION DESCRIPTION**

Medical emergencies can occur anytime in the office. This may be prior to, during or after anesthesia. These emergencies are as likely to happen with oral sedation as well as with IV sedation. This course will help you be better prepared to handle such emergencies. The course begins with how to make sure you; your staff and office are ready to handle such emergencies. In a systematic approach course participants will review history and physical exam. Through lecture and case reviews a variety of medical emergencies will be discussed, so that when, not if, that emergency arises in your office you will be prepared to handle the emergency until EMS arrives.

## LEARNING OBJECTIVES

Upon completion of this seminar, participants will be able to:

- ▶ Discuss the most common medical emergencies in the dental office.
- ▶ Identify drugs/supplies required for the Dental Office Emergency Kit
- ▶ Review the medical history and identify patients at risk for medical emergencies
- ▶ Discuss drug related emergencies in the dental office.
- ▶ Systematically approach the management of an in-office emergency.

## PRESENTER: **R. John Brewer NREMT-P**

Mr. Brewer is a career paramedic with 30 plus years experience working in urban/suburban area just south of Pittsburgh Pennsylvania. Mr. Brewer has worked extensively with the dental community over the past 12 years. He teaches more than 300 courses annually in BLS, ACLS and PALS. These courses are presented in individual offices, for dental societies, PSOMS, University of Pittsburgh School of Dental Medicine, along with Henry Schein. In addition Mr. Brewer conducts medical emergency courses in individual offices, assists with helping offices purchase and organize emergency equipment and has lectured throughout Pennsylvania, West Virginia, Ohio and New Jersey on the topic of medical emergencies in the dental office.
