

Associated Dental Specialists

Is Your Dental Team Prepared for a Dental Office Medical Emergency?

No one likes to think that a dental medical emergency will happen in their office. But, the fact is, a single dental medical emergency can alter the course of your professional career and the lives of your patients forever. Is your office prepared to prevent what is preventable and manage what's not? Associated Dental Specialists will be offering the:

CPR Renewal Course

American Heart Association BLS Healthcare Provider Course

(Required for Dental License Renewal)
