Presenters

Robert T. Lindner, DMD, PSOMS

Dr. Robert Lindner is the Director of the In Office Anesthesia Evaluations for the State of Pennsylvania. Dr. Lindner is an Oral and Maxillofacial Surgeon. He graduated from the University of Pittsburgh School of Dental Medicine in 1965. After a rotating dental internship at Mount Sinai Hospital in Miami Beach, Florida, and two years in the U.S. Army Dental Corps, he spent the next three years as an Oral Surgery resident at Montefiore Hospital in Pittsburgh, PA. He now resides in Pittsburgh, PA.

Dr. Lindner is the past president of the Western PA Society of OMS; past president of the PSOMS and a Trustee of District II of the AAOMS. He is a Life Member of the AAOMS and the ADA. He is a Fellow of the American College of Dentists.

R. John Brewer, NREMT-P

Mr. Brewer is a career paramedic with 30 plus years experience working in urban/suburban area just south of Pittsburgh, PA. He has worked extensively with the dental community since 1998. Mr. Brewer provides BLS, ACLS and PALS, courses for individual offices, dental societies, PSOMS, University of Pittsburgh School of Dental Medicine, UPMC Children's Hospital Dept. of Pediatric Dentistry, Duquesne University IV Sedation Course. Mr. Brewer provides medical emergency courses to individual offices, assists

with helping offices purchase and organize emergency equipment, and prepare for office evaluations. Mr. Brewer lectures throughout Pennsylvania, West Virginia, Ohio, Maryland and New Jersey on the topic of medical emergencies in the dental office.

Learning Objectives

- Discuss various types of sedation from oral through general anesthesia with advantages and disadvantages.
 - Discuss advantages of oral surgeon, dental anesthesiologist versus CRNA providing anesthesia in the dental office.
 - Discuss rules and regulations for the various anesthesia permits.
 - Review cases relevant to sedation and anesthesia.
 - Present opportunity for participants to ask open ended questions concerning sedation law, regulations, administration of sedation, etc.

Session Description

There seems to be more patients who require or are requesting sedation to have dental work performed. This course will look at the various options available to dental practices. This could range from an anesthesia provider coming into the office, to the dentist providing various levels of sedation. The course will review the various options along with discussing the training and additional requirements necessary to provide this service.

Registration: 5:00 pm – 5:30 pm (Dinner provided during program)

Location: Pittsburgh International Airport Embassy Suites

Course Fees: Doctors: \$225 Staff: \$160
