Presenter: John West, DDS, MSD

As the founder and director of the Center for Endodontics, Dr. West continues to be recognized as one of the premier educators in clinical and interdisciplinary endodontics. John West received his DDS from the University of Washington in 1971 where he is an Affiliate Associate Professor. He then received his MSD in endodontics at Boston University Henry M. Goldman School of Dental Medicine in 1975 where he is a clinical instructor and has been awarded the Distinguished Alumni Award.

Dr. West has presented unmatched endodontic continuing education in North America, South America, and Europe while maintaining a private practice in Tacoma, Washington. John is a clinical visionary, an inventor, a teacher, and a coach for any dentist that wants to experience the possibilities of endodontics in his or her practice. He co-authored Obturation of the Radicular Space with Dr. John Ingle in Ingle's 1994 and 2002 editions of Endodontics and was senior author of Cleaning and Shaping the Root Canal System in Cohen and Burns 1994 and 1998 Pathways of the Pulp. He has authored Endodontic Predictability in Dr. Michael Cohen's 2008 Quintessence text Interdisciplinary Treatment Planning: Principles, Design, Implementation, and Michael Cohen's 2010 Quintessence text Interdisciplinary Treatment Planning Volume II: Comprehensive Case Studies and is lead author of Esthetic Management of Endodontically Treated Teeth in Ronald Goldstein's "in print" third edition of Esthetics in Dentistry.

Dr. West's memberships include: 2009 president and fellow of the American Academy of Esthetic Dentistry and 2010 president of the Academy of Microscope Enhanced Dentistry, the Northwest Network for Dental Excellence, and the International College of Dentists. He is a 2010 consultant for the ADA's prestigious ADA Board of Trustees where he serves as a consultant to the ADA Council on Dental Practice. Dr. West further serves on the Henry M. Goldman School of Dental Medicine's Boston University Alumni Board. He is a Thought Leader for Kodak Digital Dental Systems and serves on the editorial advisory boards for: The Journal of Esthetic and Restorative Dentistry, Practical Procedures and Aesthetic Dentistry, and The Journal of Microscope Enhanced Dentistry.

Learning Objectives

- Learn how four changes transform modern endodontics.
- Discover role of endodontic predictability-what can you count on and when.
 - How to prepare a Glidepath for safe Rotary and Reciprocation Shaping.
 - How to "Find" canals.
 - How to "Follow" canals.
 - How to "Finish" canals: Mechanically Shape, Clean, Conefit, Obturate.
- Immediately implement 21 endodontic practice builders.

Session Description

Most dentists in America today are not as fully booked as they would like to be.

Solution: Knowledge and skills.

As dentists, we cannot do what we cannot see and we cannot see what we do not know. Endodontist, Dr. John West has designed a day with unprecedented results that you can immediately implement to enhance your practice's busyness. You will discover how to accurately and efficiently unravel the toothache headache. You will know implant vs. endo-how do I choose? You will learn the principles and skills of essential endodontic Cleaning, Shaping, and Obturation mechanics. Simply put, John will take the blinders off and you will discover an endodontic world of mastery, control, efficiency, productivity and, yes, FUN!
